SEPTEMBER IS CHILDHOOD CANCER AWARENESS MONTH

Cancer Statistics

- Cancer is diagnosed each year in about **400,000** children and adolescents ages 19 and under worldwide.
- Cancer is the **leading cause** of death by disease past infancy for U.S. children.
- However, thanks to better therapies, **more than 80%** of U.S. childhood cancer patients now become long-term survivors.
- Survival rates vary depending on the type of cancer.
- About **483,000** childhood cancer survivors live in the U.S., with many more around the world.

The Great Katie Kate Tackles Questions about Cancer

As Suzy learns more about her condition, she learns to ask questions and even to smile, which makes the Worry Wombat disappear.

This book is available at the EFMP Family Support Office.
(while supplies last)

Current and prospective EFMP clients can log in to the new E-EFMP system at <https://efmp.army.mil/EnterpriseEfmp>

Soldiers with Family members in the Exceptional Family Member Program have a way to enroll and update information anywhere, at any time, without paper documents.

- The new E-EFMP system is a secure, digital platform that streamlines enrollment, makes assignment coordination and Family support access easier, and synchronizes services for families with special needs.
- E-EFMP automates all EFMP screening, including overseas Family travel screening, and its case management component allows families to safely and securely upload EFMP documents, eliminating the need to carry hard-copy documents during moves. Families can manage their EFMP enrollment throughout their loved one's Army career.
- The EFMP is a comprehensive, coordinated, multi-agency program that provides community support, housing, medical, educational and personnel services to Army families with special needs. There are about 46,000 Soldiers and 55,000 Family members in the program.

E-EFMP is part of a larger effort to reform the entire EFMP.

UPCOMING EVENTS

Fire Safety Day!

September 21st

Tour Fort Bragg Fire Station & a real live fire truck! Learn what to do in emergencies.
