Leadership Opportunities For Military Connected Children In the Fort Bragg and Surrounding Areas

Opportunity Name: **Student 2 Student**

Description: Most military-connected students move six to nine times during their school years. Feeling like the perpetual “new kid” can be stressful – just finding someone to eat lunch with can make a difference. MCEC offers student-centered and student-led programs at the elementary, middle and high school levels to ease transitions, and create a positive environment.

Student 2 Student® (S2STM)

Encouraging 100% acceptance is a hallmark of this successful program that brings military-connected and civilian kids together. The group welcomes incoming students to their new school, and helps departing students prepare for their next school. An intensive training program conducted under the close supervision of a teacher or school counselor, S2S flourishes in high schools across the country and overseas.

Junior Student 2 Student® (JS2STM)

Building on the success of S2S, the MCEC Junior Student 2 Student (JS2S) program is for middle school students, addressing the needs of a vulnerable age group.

Elementary Student 2 Student (ES2S)

Even the youngest students encounter challenges with transition. Elementary Student 2 Student models service and leadership, and engages younger students as peer leaders under faculty direction.

Contact your school or Fort Bragg School Support Services to find out if a Student 2 Student (S2S) program is available at your school.
