HOMWORK LAB

Power Hour offers after school and weekend homework assistance tutoring and encouraging strategies for youth to become self-sufficient learners. Chay Youth Center is staffed with a Homework Center Teacher to assist students, track progress of students and facilitate study groups for teens. The Homework Center is a free choice option for children and youth.

COMPUTER LAB

The computer lab offers windows based systems, along with laser printers, scanner, DVD drives, and related equipment. A wide variety of up-to-date software. High-speed connections to Internet resources can be made from the labs' computers (internet permission slip required). The lab offers downloaded educational software and gaming.

State of the art interactive technology promoting fitness: Mikado and Dance, Dance Revolution systems.
