# AEOP - ARL Video Game Design & Coding Camp

## Registration & Supply Distribution Instructions
### For Students Joining Camp from a Virtual Location (other than CYS/SAS)

Step 1: Parents must complete the online registration at CVENT.me/yGxz4tl

(Follow QR code):

Step 2: Parents show staff online registration confirmation.

Step 3: Once staff has confirmed that online registration is complete, parents write each student's name, age, and parent name and parent email address on the attached form.

Step 4: Staff gives parent  1 Supply Kit Box  and  1 set of Hula Hoop links for each registered student. Log in instructions are included inside the Supply Kit box. All supplies should remain inside supply kit box until camp teachers instruct students to take out the supplies during class.

Step 5: Parents should set up a free Scratch account for their child to use at https://scratch.mit.edu/join. Parents are encouraged to complete this step while picking up supplies. Students will use this account during the camp  to program their video game.

Step 6: Remind parents that in-person adult supervision is required for this camp, and that a responsible adult must be on site with the student during the camp. Students may join from any location with internet access. Each student will need access to a computer (laptop or desktop) to join.

Step 7:  Remind parents of Camp Dates and Times: Monday - Thursday, August 1 - 4, 2022. Students log in between 7:55 and 8:00 am Eastern Time. Camp runs from 8:00 am - 12:30 pm.
